Aut 3 : Autumn 3rd semester ; **Spri 4** : Spring 4th semester

ECTS: Credits

Lang: Teaching language (F: French; E: English)

Ev: Type of evaluation (W: Written, O: Oral, P: Project)

Useful information:

1. Read the [Regulations](#) of this program
2. This program has 120 credits.
3. The CFA Advanced Research Challenge is only for the best placed students. All students who sign up for the CFA General Research Challenge from UNIL should register for this course taking place in semester 5.2 (from January to April 2022).
4. The CFA General Research Challenge is also open to select other Universities.

Due to the health evolution linked to COVID-19, the study plans may undergo the following adaptations during the semester:

- possibility to switch from one teaching mode to another (face-to-face <-> distance learning, synchronous <-> asynchronous, switch to co-modal teaching where it was not foreseen at the beginning).
- adaptation of assessment without leading to derogations from the study regulations (oral <-> written, examination <-> validation, individual work <-> group work, practical work <-> theoretical work, in-person assessment <-> online assessment, etc.)
- alternative or shifted modalities for courses, internships, practical work, fieldwork and camps that could not take place or courses that could no longer take place in the form initially planned.

Students are invited to consult regularly the study plans, syllabi and their email.
