Access

Students have free access to the UNIL+EPFL Sports Centre and to free courses without registration, on presentation of their valid student card. To access free courses with registration, paid courses or to purchase a season ticket, the sports login is required.

Other members of the university community (categories B to E) must purchase a semiannual or annual Sport Santé access card, at the prices below. The card can be purchased or renewed online or at the secretariat (Villa des sports), upon presentation of a valid ID card. It displays the logo(s) of the purchased membership(s) and allows access to the facilities and classes on a membership basis, as well as to paid-for courses and free courses (with or without registration).

The sports login (personal account) is the tool you use to register for classes, buy/renew membership(s) or the Sport Santé access card (depending on your category).

Login

Schedules

Check online the conditions, the opening of registrations and the calendar of activities and courses.

During terms, the program is alleviated and courses timetables may vary.

Courses program
