17.10-18.15 Informal talks by lab members from the UNIL Sleep groups

17.10-18.00 Tafti group (Marie-Laure/Mojtaba)
18.00-18.25 Vassalli group (Yan Tang)

Schedule will be accommodated according to the number of speakers, with enough time for brief discussions after every presentation. The final schedule can be found here: https://www.unil.ch/dnf/home/menuinst/seminaires-et-symposium.html

18.30- : Apéro-riche for all participants from the UNIL Sleep labs

For LNDS candidates, the participation to local symposia or national conferences usually warrants entries on a “seminar sheet” (12 entries = 1 ECTS) as these events do not provide the possibility to assess students’ learning achievements. However, the organizers of the Sleep Research Day strongly encourage PhD candidates to ACTIVELY PARTICIPATE in the research day to obtain 0.5 ECTS overall. If you would like to profit from this offer, please do the following:

• Send a mail to "lnds@unil.ch" before October 3 to enter the list of LNDS participants that Ulrike will forward to the organizers.
• Please meet Paul Franken @ 9:45 in front of the lecture hall as he will hold the participant list to sign, and explain a bit more what is meant by “active participation” to the event for credit validation; for example
  o Actively engaging in discussions; ask at least ONE question during the talk sessions showing that you actively follow(ed) the presentations.
